Sorry for my delay in responding -- I was in the field this afternoon on another matter. Anyhow, I appreciate your sending me the text of your statement and the positive tone it strikes.

Subject: Press release

Walter,

As you would expect we are receiving inquiries for comments on the press release. I wanted to give you our release that will go out later today in response to questions from certain media. Any further questions we will refer them to the press release. Thanks.

* We are pleased to have reached an agreement with the U.S. EPA and look forward to partnering with the agency on the remedial design for the clean-up of the lower 8.3 miles of the Passaic River.

Mike Anderson
